SECTION 1

1 Your role at a glance

IN SHORT

The CHRO is asked for a decision at two points: when Head of Talent Acquisition **escalates a requisition**, and when a **Hiring Approval Sheet** of selected candidates needs sign-off before it goes to the Board. You may also be chosen to **sign offer and appointment letters**.

You have group-wide visibility of every requisition and its recruitment, and the same configuration rights as Head of Talent Acquisition.

WHAT YOU DO

- Decide escalated requisitions, or send them to the Board
- Approve or return Hiring Approval Sheets
- Sign offer and appointment letters when chosen

WHAT YOU CAN ALSO DO

- See and continue recruitment on any requisition
- Correct any requisition (logged)
- Configure Approval Paths, AI Settings, Board Groups

WHAT STARTS YOUR WORK

An escalated requisition at the CHRO step; an emailed approval sheet; a letter naming you as signatory.

The Board (requisitions you send on, and every sheet you approve); Head of Talent Acquisition and the recruiter.

SECTION 2

2 Access and signing in

2.1 How you get the role

The CHRO role is granted group-wide by a super user on Access Control. Approval-sheet links work from your email without signing in; escalated requisitions are decided inside the system.

2.2 Signing in

1 **Open the system**
Go to **https://talenthub.dbl-group.com** in Chrome, Edge or another current browser, on a computer or a phone.

2 **Sign in**
Enter your DBL **email address** and password, then **Sign in**. Tick **Remember me** on your own device to keep your email filled in; your browser can save the password.

3 **First sign-in or after a reset**
Your temporary password is your **employee code**. The system then asks you to choose your own password of 6 to 12 characters before you can continue.

- **Forgot your password?** Select **Forgot password?** on the sign-in page. A 6-digit code is emailed to you; it is valid for 10 minutes. Enter it, then set a new password. Every other session is signed out.
- **Locked out?** After 5 wrong passwords the account is locked for 15 minutes. A super user can also reset your password to your employee code.
- **Two-factor authentication** (recommended) is switched on under **Account settings** › **Security** — use an authenticator app or a code sent by email.
- **Sessions** last 24 hours; after that you sign in again. Signing out on one device does not sign you out anywhere else.

No role, no sign-in
The system lets a person sign in only while they hold at least one role. If you are told your account is not enabled for sign-in, ask Head of Talent Acquisition or a super user to check your access.

2.3 What you will see

SECTION 3

3 Escalated requisitions

Head of Talent Acquisition can send a requisition to you from the final level — for a sensitive post, an unusual headcount request, or anything that needs the CHRO's view.

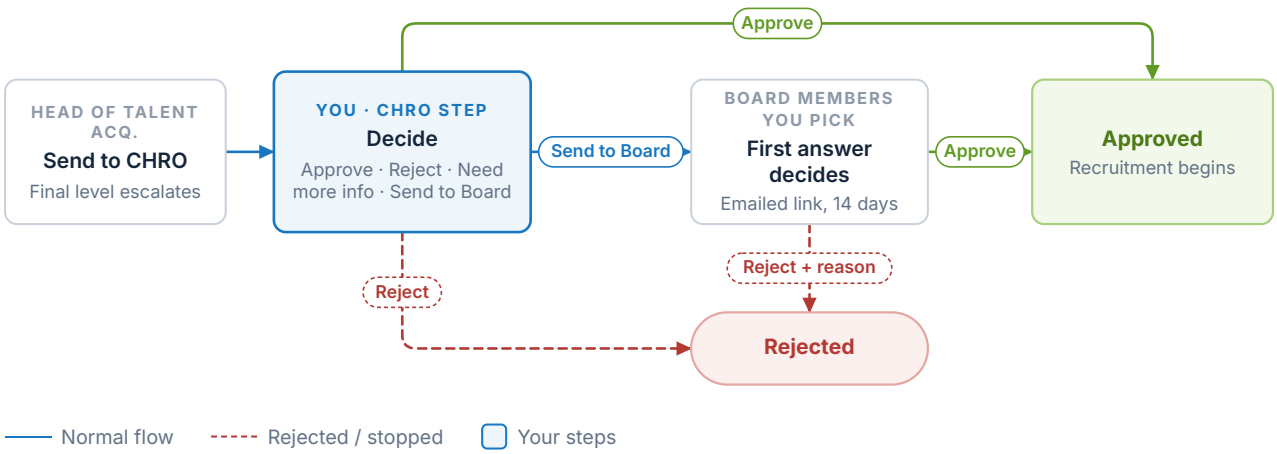

Figure 1. The CHRO step. A requisition you send to the Board is decided by the first board member to answer.

1. **Open it**
   You are notified. Open the requisition; the Approvals tab shows the CHRO step, the full chain so far and every remark.

2. **Review**
   Section A on Details, section B and the attached job description on Job Analysis, and the requested facilities.

3. **Decide**
   Approve completes the approval. **Reject** closes it. **Need more info** returns it to the raiser with your question; on resend the chain restarts at level 1.

4 **Or send it to the Board**

Send to Board lets you pick one or more board members. A Board step is added and each member is emailed a personal link, valid for 14 days. **The first answer decides**: an approval completes the requisition; a rejection, which needs a reason, closes it.

Board members do not need to sign in

Each board member's link opens only that requisition, with its approvals so far, and stops working once they — or another member — have decided.

SECTION 4

4 Hiring Approval Sheets

The digital form of DBL's paper hiring approval sheet: several selected candidates, one decision.

1 **The email arrives**

Head of Talent Acquisition puts selected candidates on a sheet and sends it to you. The email shows the sheet as a table and carries your personal link.

2 **Review the sheet**

The page lists every candidate with Name, Position, Department, Unit, Education, Requirement, Team, Total experience, Last organisation, Salary and Remark. Use **View CV** on any row to read the candidate's CV. For a BDJobs applicant it opens the CV they attached (**Personal CV**), or, if they attached none, their application as a PDF (**BDJobs CV**).

3 **Decide for the whole sheet**

Approve all (remarks optional) sends the same sheet on to the Board. **Return the sheet** rejects every candidate on it — a reason is required and is recorded against each one. Confirm your choice.

After you decide	What happens
You approve	The board members chosen by Head of Talent Acquisition each receive the sheet. The first board approval completes it, and every candidate on it becomes Board Approved — their offer letters can then be sent.
You return it	The sheet stops. Head of Talent Acquisition and the recruiter are notified with your reason.

Links stay valid for 60 days
Sheet links last 60 days to suit busy schedules. Each opens only its own sheet and stops working once you have decided. If one is lost, Head of Talent Acquisition can resend it.

SECTION 5

5 Signing offer and appointment letters

Offer and appointment letters carry a CHRO's signature. When HR prepares a letter, they **choose** the signing CHRO from the holders of the role, and the choice is recorded on the candidate.

If you have an e-signature on your profile, it is placed on the letter above your name. If not, the letter prints your name and title over a blank line for a hand signature.

1. **Open your profile**
   Find yourself in **Employees** and open your record.

2. **Add your e-signature**
   Upload a JPG or PNG of your signature. You crop it to a 3:1 strip in the browser before saving.

Your signature is confidential
Only you can see your signature image. Everyone else — HR and super users included — sees only that a signature is on file. Letters embed it when they are generated; the image never travels to anyone's screen.

SECTION 6

6 Oversight and configuration

You see every requisition in every unit and can continue any part of recruitment — the pipeline, interviews, salary fixation and onboarding — alongside Head of Talent Acquisition and the assigned recruiter. You can also correct a requisition at any stage; each change is written into its history.

You share Head of Talent Acquisition's configuration screens: **Approval Paths** (raisers and chains, with you able to nominate), **AI Settings**, **Board Groups**, **AI Proficiency Bank** and **Unit Config**. See the Head of Talent Acquisition guide for how each works.

SECTION 7

7 Notifications

Everything that needs your attention arrives in three ways. The **bell** at the top right shows a count and a list; a new notification also plays a short sound and appears briefly on screen, and open pages refresh themselves — there is no need to reload. If **Email notifications** is on under **Account settings** › **Notifications**, the same notification is emailed to you.

Each morning the system also sends a **reminder** to anyone who has a requisition waiting on their approval or interview marks still to submit.

When a requisition you sent to the Board is decided, the outcome appears on its Approvals tab and the raiser is notified. You are told when:

- A requisition has been escalated to you at the CHRO step.
- A Hiring Approval Sheet is waiting for you (by email, with your link).

SECTION 8

8 Questions and answers

Q Why is there no “Send to CHRO” on my step?

You are the CHRO step. Your onward option is Send to Board.

Q Can I approve some candidates on a sheet and not others?

No — a sheet carries one decision, as the paper form does. If one candidate should not proceed, return the sheet with your reason; Head of Talent Acquisition can send a new sheet without that candidate.

Q I am not the CHRO who should sign this letter.

HR chooses the signatory when preparing the letter. Ask them to choose the right CHRO and regenerate it.

Q A board member is travelling. Will their link expire?

Requisition board links last 14 days; approval-sheet links last 60 days. Either can be re-sent.
